

Vulkan Round Tube

Vertical Round Tube Radiators

- Vertical tube radiator
- Special tube-in-tube technology
- Low water use and fast heat up
- Made in our European factory
- 10 year guarantee
- 50mm central connection available to order
- Distance from the wall to front face 116mm
- Pipe centres. Vertical – width of the radiator plus the valves. Pipe centre 41mm from wall to centre

- High heating performance thanks to maximisation of the convection principle (chimney effect)
- Minimised water-content means faster warm-up times and energy consumption
- Special process for plastic-coating of outer and inner surfaces
- Tube-in-tube design provides greater heating surface area
